

## Standing up for Berkhamsted

Berkhamsted is my home and I am proud of it. But for too long our Borough Council has been out of touch with the people it represents - a voice for the few, not the many. Labour wants to change that. We have a vision for a Fairer, Safer, Cleaner and Greener, Democratic, Responsible, Transparent and Responsive Borough. I have lived in Berkhamsted for ten years, my children are being educated in Dacorum; I volunteer with two charities in Berkhamsted, Open Doors and The Keech Hospice in the town and I am committed to fighting for the Labour vision as a member of Dacorum Borough Council.

Vote Labour on 2nd May to elect as many Labour councillors as possible and send a message that real change is needed and austerity must end.

**Sian Cusack**

Working for Berkhamsted

## Real Affordable Housing Together with Public Services

Everyone deserves a safe, decent, and affordable home. But in Berkhamsted developments of luxury homes are out of reach for most young families.

A Dacorum Labour Council will work with Berkhamsted Town Council and residents to plan sustainable, genuinely affordable housing and vital supporting infrastructure.

## Temporary Car Park Shambles

The Conservative Council has failed to plan sustainable infrastructure. Berkhamsted's parking facilities are under strain. Now they have turned our beautiful, historic and much loved Moor into an ugly, damaging temporary car park. If Labour and other great community activists had not stepped in, they would have destroyed ancient trees.

## Supporting Local Services

A Labour Council will halt the outsourcing of local services, implementing community building policies, and set up a community wealth building partnership. Potential cuts to Hertfordshire fire and rescue might include replacing Berkhamsted's fire engine with a smaller vehicle and less crew. If elected, I will fight to save Berkhamsted's local services.

### Fairer

Adequate funding for public services, strong local economy, safe, decent and affordable housing.

### Healthier

With a well-equipped A and E, integrated with social care and not outsourced for profit motives.

### Safer

Where the social causes of crime and disorder are tackled alongside support for victims of crime and anti-social behaviour.

### Cleaner and Greener

With better coverage and frequency of buses, better cycling and parking facilities, and for all new builds to be 'zero carbon homes'.

### Democratic, Responsible, Transparent

Through a borough-wide conversation that will empower residents and communities and inform council decision making.
