## YOUR CANDIDATE FOR

Harpenden West

### **Victoria Thompson**

I have lived in Harpenden since 2012. Like many I moved here from North London looking for a great place to raise kids and my husband and I now have three boys who all attend local schools. I commute into London where I'm a lawyer, lecturer at UCL Computer Science Faculty and Fintech Founder of Orora.

As an advisor to central government on digitisation, I am an advocate for digital inclusion. My key focus for Harpenden, if elected, would be to develop a fairer, more inclusive and diverse Harpenden for all, sharing the benefits of our town with all residents.

## My pledges for Harpenden West

### A fair and sustainable town

I will ensure Harpenden has a plan to support businesses and residents to build a future that is fair and sustainable for all.

### Environment

Cleaning up our environment is a key priority for me. I will work to ensure that roads and rivers are clear of pollution and potholes.

### Affordable housing

I will support the construction of new environmentally-friendly, affordable housing on brownfield sites where possible.

### Schools & Education

With children educated locally, I see this as a priority area and will work with schools and County colleagues.

### Transport services

Bus services, cycling routes and pedestrian-friendly areas are key to health and environment. I will work to improve them.

## Labour nationally

A General Election is expected this year. It is time for a change and Labour is ready to replace the Tories. Built on economic stability, secure borders and strong defence, we have defined our national priorities.

Our priorities are:

- Get Britain building again;
- Switch on Great British energy;
- Rebuild the NHS;
- Take back our streets;
- Break down barriers to opportunity.
